## ***Purchase Award Pledge Form***

Becoming a Purchase Award Patron means that you commit in advance to purchase a work of art. This investment encourages artists' participation in SCAA events which gives everyone a greater selection of art in all forms. Purchase awards are instrumental in attracting a variety of creative, diverse, quality artists to the exhibitions.

As a Purchase Award Patron, you will have the opportunity to select your art work before the public is allowed to make purchases. Your name or company name will be on the Purchase Award ribbon that is displayed on the art work throughout the exhibition. You may also make a Purchase Award in honor or memory of a loved one.

The Purchase Awards offered by the South Cobb Arts Alliance are quite attractive to artists because the Alliance does not take a commission on Purchase Awards. Hence, higher priced art work is often listed for Purchase Awards because the artist receives about the same amount of money and; more importantly, the artist has the prestige of showing a Purchase Award on their resume.

Add to your art collection or begin a fine art collection by becoming a Purchase Award Patron today. Your support is important and greatly appreciated.

Please take a moment to complete this pledge form and return in the self-addressed envelope provided.
